Subject FW: sampling next week

Chris:

This sorta addresses our discussion late yesterday about the schedule for the field activities. I'll keep you posted.

I received the access agreement -thanks

Chuck

Subject: RE: sampling next week

Hi Tom - I spoke to a rep of the property owner two days ago, and Virginia (C&I) had not yet vacated the property. The rep was going to call me when she knew a firm move-out date (C&I was to have vacated the property end of February). When we start the drilling program, we will be implementing the On Site Soils RI/FS work plan. We'll give you a weeks notice once we have access. Once she moves all her stuff out, we will go to the Site and mark boring locations, then contact Dig Alert.

Regards, Sharon

Subject: sampling next week

Importance: High

Hi Sharon,

I have just heard from EPA that CDM will be drilling borings on the (former) Virginia property starting Monday. Can you please let me know what media will be sampled, what analyses done, how many samples, and the anticipated schedule?

Thanks,

Tom
